

Every Name Index to Henry County, Tennessee Circuit Court Records, 1818-1849

This index was created from original records located at the Henry County Archives, Henry County, Tennessee. Volunteers have abstracted every name pertinent to these early documents. In many instances names are shown which do not appear elsewhere in our records until the 1850 census.

Sample Data: SURNAME, Given Name, Year

An asterisk (*) after the name means they are a primary to that case. Listed multiple times in the same year means they were involved in multiple cases in that year.

Copies of the actual documents may be purchased from the Archives for a nominal fee. If interested in copies please submit an email to henrycountyarchive@gmail.com.

A hard copy of this index may be purchased from the Henry County Archive for \$25.00. The hard copy, in addition to just the Names and years (as is online) also includes the actual file numbers used to find the record at the Archives. It is plastic spiral bound with a laminated cover and the cost includes shipping. Unbound books are the same price as those with laminated covers.
